

Dear parents/carers,

Thank you for attending our recent parents' evening. It was wonderful to have you all back in the school building; having the opportunity to talk to staff and view your children's work. **95%** of parents came to parents' evening and we are grateful for the support you show for your children and the staff at St Mary's.

While in the school building, we asked you to complete the following questionnaire. Thank you for your time to complete this. We had **130** responses and the results are summarised below:

Next steps:

We know how important parents are as partners in their children's education so we believe it is important that you feel well informed and involved in your child's education. To this end, we report progress to parents each term. This takes the form of two parents' evenings and one written report. Parents are encouraged to get in touch with staff should they have concerns about their child's progress and the class teacher will do the same.

During the rest of this academic year, there will be opportunities for parents to come in to school and work alongside their children in order to see how their child is doing in class. Please look out for information about this in the school newsletter and under the 'news' tab on our website.

School shares examples of the work that children are doing via the newsletter and twitter page. The website has a 'Curriculum tab', where all the curriculum overviews for all year groups can be found.

Next steps:

We are blessed that so many of our teachers are prepared to give up their own time to enable your children to have rich opportunities before/after school. As we are returning to a more normal routine following the impact of Covid, we are endeavouring to increase our provision of before/after school clubs to ensure opportunities for children of all age groups. Please look out for information about new clubs in the school newsletter or via letters in book bags. We look forward to welcoming you as new clubs are offered.

about learning in the classroom. More recently, we have increased our activity on twitter where parents can see regular updates about classroom learning.

We recognise that this is an area that we can improve on as a school and we will continue to look at ways that we can improve in this area.

**Next steps:**

We will continue to show how St Mary's develops its links with local primary and secondary schools, in particular, with Bishop Challoner. Children across the school benefit from lessons and workshops led by Bishop Challoner both at St Mary's and at Bishop Challoner School.

This year, we will continue to fundraise to support local charities, having just supported SIFA Fireside with our recent Harvest collection.

When Covid restrictions allow, we will continue to check in on our neighbours at the local retirement home and work closely with them for the benefits of pupils and residents.

The school council are currently working closely with the PTA to address parking issues around school and we look forward to seeing the benefit of their work as the year progresses.

Children are encouraged to join committees such as school council and spiritual council to represent the views of their peers to SLT. In Year 6, prefects show parents around school and the Head Boy / Head Girl, lead via example.

online learning delivered by teachers. Please see our Remote Education Policy, available under the 'Key Info' tab on the school website for more information on remote learning. If your child is struggling to access remote learning, do contact school to discuss the barriers and we will endeavour to find a suitable solution e.g. access to devices or provision of paper copies of work. We continue to provide remote learning to children who are isolating as a result of COVID, via our eSchools platform. Thank you again for your support with this.

## Thank you!

Thank you for the positive feedback from so many parents. It is wonderful to see how happy the children and parents are at St Mary's. The staff very much appreciate the recognition for all they do to support the children.

Any comments that you made to help us improve our school will be considered seriously.

Yours Sincerely,

Miss Price and Mrs Davis.
